## vivoactive® HR GPS Smart Watch with Garmin Elevate™ Wrist Heart Rate Technology

Garmin Southern Africa (Pty) Ltd, is pleased to announce the new vivoactive HR with built in Elevate™ wrist Heart rate technology.

Run, bike, swim, golf, ski and more with vivoactive® HR, the GPS smartwatch with Elevate™ wrist heart rate technology. Outside of your more active moments, its built-in activity tracker<sup>4</sup> counts steps and heart rate throughout the day and measures calories burned. The sunlight-readable, high-resolution touchscreen features smart notifications<sup>1</sup> such as call, text, email, social media alerts and more. Customize your watch with more than 1,300 apps, watch face designs, data fields and widgets from our Connect IQ™ store. Battery charge<sup>2</sup> lasts through all your activities with up to 8 days in watch/activity tracking mode or up to 13 hours using GPS.

### KEY FEATURES:

<b>NEW</b>	<b>24/7 HEART RATE MONITORING</b>	Elevate™ wrist heart technology gives you heart rate all day and night – no additional strap required.
<b>NEW</b>	<b>HEART RATE DATA BROADCAST</b>	Turn your vivoactive HR into a heart rate strap on your wrist. Send your heart rate data in real-time to another compatible Garmin device (e.g. Edge, VIRB, Varia Vision).
<b>NEW</b>	<b>FLOORS CLIMBED</b>	Climbing stairs is tough – get credit for the extra work thanks to an integrated barometric altimeter.
<b>NEW</b>	<b>INTENSITY MINUTES</b>	Monitor your progress against aerobic activity goals recommended by health organizations like the World Health Organization.
	<b>CUSTOMIZATION WITH CONNECT IQ</b>	Download free custom apps, watch faces, and widgets.
	<b>SMART CAPABILITIES<sup>1</sup></b>	Receive notifications from your mobile phone; calls, text, social and more. Check weather information, control your music and control your VIRB all from your wrist; leaving your phone in your pocket.
	<b>TRACK ALL YOUR ACTIVITIES</b>	Records all your activities including running, cycling, swimming, golf and paddleboarding plus tracks your steps and sleep. Garmin Move IQ™ motion detector even records activities when you forget to press the start button.
	<b>LONG BATTERY LIFE<sup>2</sup></b>	Active as long as you are! Up to 8 days of use.
	<b>DISPLAY/FORM FACTOR</b>	High-resolution, always on, sunlight-readable, colour touchscreen display and a sporty watch design.
